LET THE MAGIC BEGIN

Extraordinary Photo Experiences for Yorkshire Celebrations

Who is Yorkshire Magic Mirror

LET THE MAGIC BEGIN

A little different. A lot of fun.

Yorkshire Magic Mirror started with a simple idea: if we're going to do something, let's do it properly.

Since 2019, we've been creating our own experiences, combining professional photography, creative technology and a genuine love of entertaining people.

We're not really the stand-in-the-corner type.

We get involved. We encourage people to have fun. We help the camera-shy find their confidence and give the enthusiastic ones another excuse to show off.

From weddings and birthdays to corporate celebrations and everything in between, we bring the same energy, attention to detail and slightly ridiculous enthusiasm.

Because great entertainment isn't just about what you bring.

It's about what you do with it.

Never standing still.

We create our own artwork, develop new experiences and constantly challenge ourselves to be better.

Not because we have to. Because standing still isn't really our thing.

Yorkshire Magic Mirror. Not cheap. Unforgettable.

It's the little things that make the magic.

Your celebration. Our commitment.

We believe great entertainment starts long before the first photograph is taken.

From your initial enquiry to the final guest leaving the dance floor, we put the same care, creativity and attention into every event.

Made for you. Not taken off a shelf.

Every event is different. That's why we create personalised artwork, tailor our experiences and work with you to make everything feel like it belongs.

Whether it's a wedding, birthday party or corporate celebration, the details matter.

Your photographs. Your personalities. Your celebration. Your design.

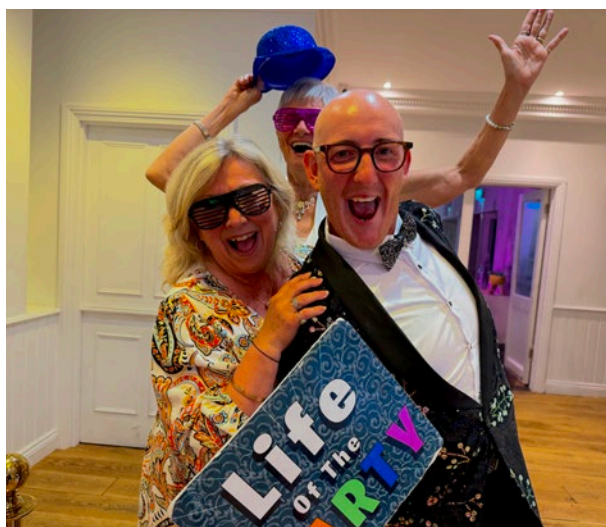

The experience matters.

Beautiful photographs are important. So is everything that happens before the camera clicks.

The laughter. The encouragement. The ridiculous poses. The guests who insist they're not having a photograph, only to return five minutes later with half the wedding party.

That's the bit we love.

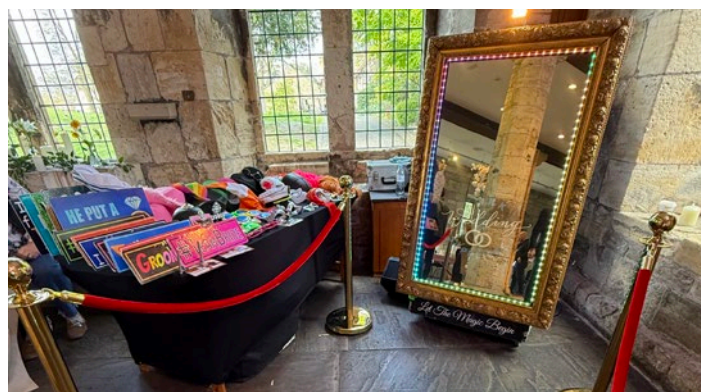

We take care of the details.

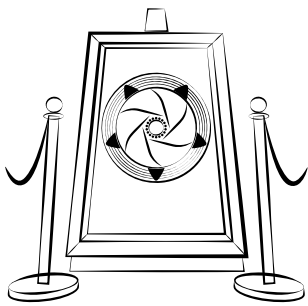

Professional equipment, thoughtful presentation, experienced hosts and a genuine commitment to making things run smoothly.

We arrive prepared, adapt when necessary and take pride in delivering the experience we've promised.

No unnecessary fuss. No cutting corners.

YORKSHIRE MAGIC MIRROR. NOT CHEAP. UNFORGETTABLE.

Magic Mirror

BRINGING PHOTO MAGIC TO ANY EVENT

The original. Still turning heads.

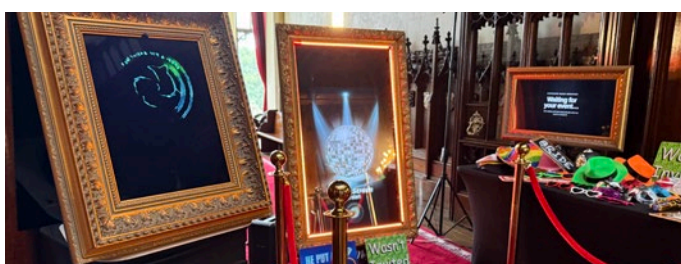

Our custom-built Magic Mirror is where it all began. Professional photography, beautiful lighting, unlimited instant 6 × 4-inch prints and a proper Yorkshire welcome. More than just a photo booth, it's an experience designed to get everyone laughing, posing and coming back for more.

Your celebration. Your design.

No two events are the same, and neither are our designs. Every booking includes bespoke print artwork, created especially for your celebration.

With unlimited 6 × 4-inch prints, professional lighting, fantastic props and our signature VIP setup, we've thought about the little details that make a big difference.

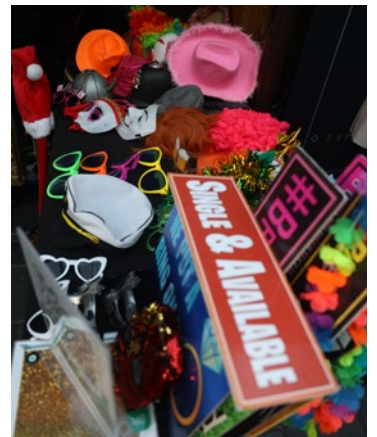

It's those little details, carefully prepared before your event, that make the whole experience feel special.

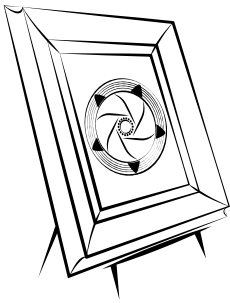

We don't just stand there.

We encourage the camera-shy, bring out the big personalities and give everyone a reason to strike a pose.

From the first photograph to the last, we're there making the magic happen.

Magic Mini

ALL OF THE MAGIC, JUST SMALLER

Small footprint. Massive personality.

Don't let the size fool you. Magic Mini might be compact, but there's nothing small about the experience.

With its beautiful gold frame, interactive touchscreen and professional photography, Mini brings a little Yorkshire Magic Mirror magic to almost any setting.

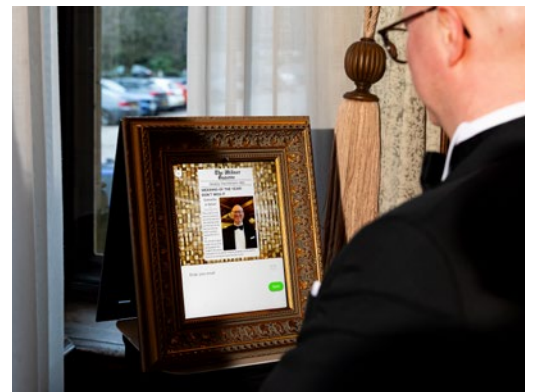

Perfect for venues where space is limited, but expectations aren't.

And just like its bigger brother, Mini comes with our personality, attention to detail and a determination to make every guest smile.

A little different by design.

Magic Mini isn't simply a smaller version of our original mirror. It's a versatile experience that combines photography, personalised designs and creative technology.

From weddings and private parties to corporate events, Mini can adapt to the occasion without taking over the room.

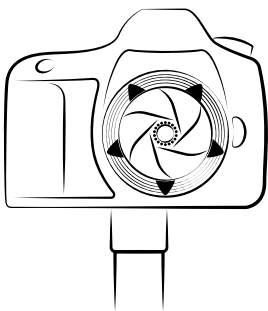

And then there's the unexpected.

Caricatures, watercolour-style portraits and creative AI experiences give guests something completely different to take home.

Because sometimes the best photographs aren't quite photographs at all.

Magic Mobile

ALL THE MAGIC. NONE OF THE WAITING

Who said the fun had to stand still?

Some of the best moments happen away from the photo booth. On the dance floor, around the tables or right in the middle of the celebrations.

That's why we created Magic Mobile.

Our roaming DSLR photography experience brings professional photography directly to your guests, capturing spontaneous moments wherever the party takes us.

No fixed position. No waiting for people to come to us. Just great photographs, plenty of personality and a little Yorkshire Magic Mirror magic on the move.

Professional photography. Anywhere.

Armed with a professional DSLR camera and our usual enthusiasm, we move around your event capturing the moments that matter.

From relaxed drinks receptions to lively celebrations, we bring the experience to your guests rather than expecting them to find us.

Real moments. Real photographs.

Just because we're moving doesn't mean you miss out on something to take home.

Magic Mobile combines roaming photography with our instant printing experience, producing personalised photographs featuring artwork designed especially for your event.

It's the freedom of a roaming photographer with the fun and instant keepsakes you'd expect from Yorkshire Magic Mirror.

Because sometimes the best photograph is the one nobody saw coming.

Your Memories

See all the photos, videos, Voice Memories and Messages shared to your event in one collection. Download the original media whenever you're ready.

Your day. Their perspective.

You can't be everywhere at your own celebration. While you're making memories, your guests are capturing moments you'll never even know happened.

Yorkshire Magic Memories brings those moments together in one private collection. Photographs, videos, voice messages and written messages, all shared by the people who were there.

One event. Hundreds of perspectives. Memories worth keeping.

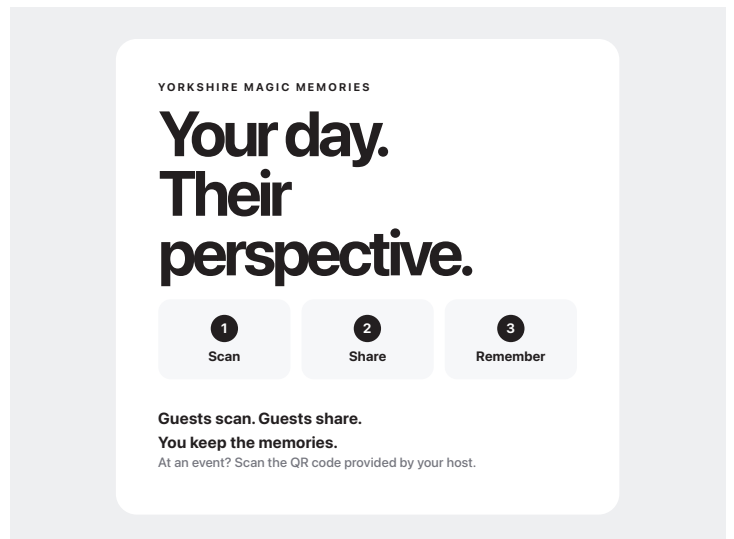

No apps. No complications.

Guests simply scan your event's QR code using their phones.

They can upload photographs, record videos, leave voice memories or write personal messages throughout your celebration.

Everything is collected in your own event gallery, ready for you to enjoy afterwards.

And because it's their perspective, you'll discover moments you missed, conversations you never heard and memories you didn't even realise were being made.

You won't see everything that happens at your celebration.

That's the point.

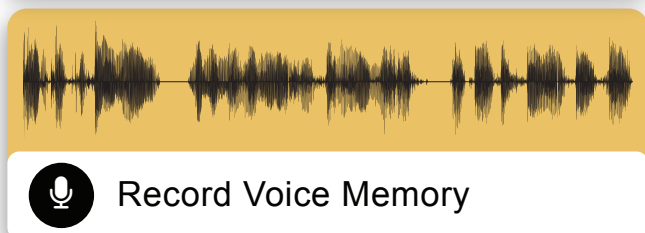

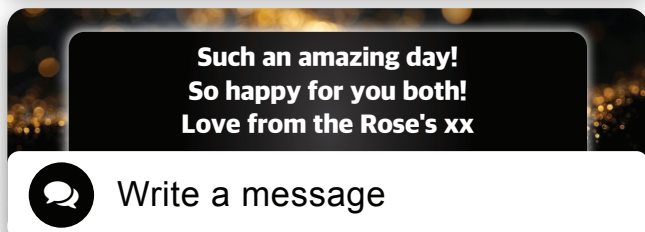

The moments between the moments.

The unexpected laughter. The ridiculous photographs. The heartfelt messages.

The little things that make your celebration yours.

Memories helps make sure those moments aren't forgotten.

Captured by your guests. Kept by you.

YOUR DAY. THEIR PERSPECTIVE.

Beyond the Ordinary

CREATIVITY WITHOUT LIMITS

Who said a photograph had to stay a photograph?

We love a great photograph. But sometimes we like to take things a little further.

From hilarious caricatures to beautiful watercolour portraits, we're constantly finding new ways to turn ordinary moments into something extraordinary.

Because making memories should be just as much fun as keeping them.

A little exaggeration. A lot of personality.

Take a photograph, add a little creativity and see yourself in a completely different light.

Our caricatures transform guests into larger-than-life characters, capturing their personalities with a healthy dose of humour.

And yes, we've even created caricatures of the family pets.

Something a little more artistic.

Not every photograph needs to be funny.

Our watercolour-style portraits transform favourite moments into beautiful, artistic keepsakes.

A different way to remember the people, personalities and celebrations that matter.

**NOT JUST A PHOTOGRAPH.
SOMETHING COMPLETELY DIFFERENT.**

Expect the Unexpected

A LITTLE IMAGINATION GOES A LONG WAY

We've never been particularly good at leaving things alone.

A great photograph is just the beginning.

We love experimenting with new ideas, exploring creative technology and finding new ways to entertain.

Sometimes beautiful. Sometimes completely ridiculous.

We rather like both.

ONE PHOTOGRAPH. ENDLESS POSSIBILITIES.

Your photograph. A completely different world.

From superheroes and cinematic adventures to imaginative transformations, we take familiar faces and put them somewhere completely unexpected.

Because sometimes the most memorable photograph is one that could never exist in the real world.

Your ideas. Our imagination.

From favourite films and fantastic adventures to ideas nobody's dreamed up yet, we love turning imagination into something personal.

No two celebrations are the same. Why should the experiences be?

**WE DON'T JUST CAPTURE THE MAGIC.
WE KEEP FINDING NEW WAYS TO MAKE IT.**

The Difference

IT'S NOT JUST WHAT WE DO. IT'S HOW WE DO IT

We could have done things the easy way.

Bought a photo booth. Turned up. Taken some photographs. Gone home.

But that's never really been our style.

Since 2019, we've been building, developing and improving our own experiences because we believe there's always a way to make something better.

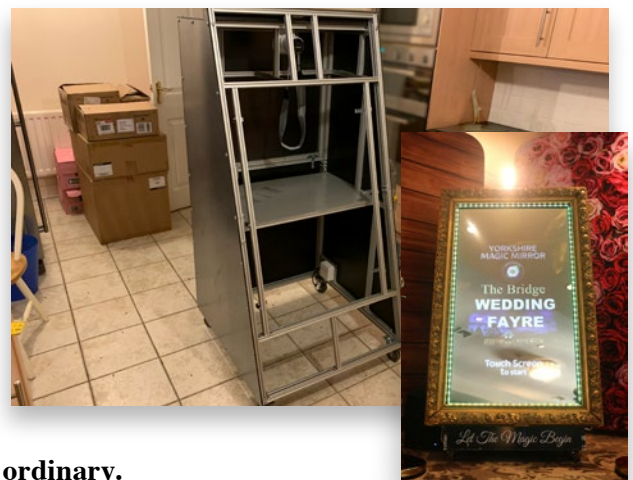

And we're still finding new ways.

Built by us. Not bought off a shelf.

Our original Magic Mirror was custom-built, and we've continued developing our experiences ever since.

From personalised artwork to our own creative technology, we like having control over the little details.

Because when something doesn't exist, sometimes the best solution is to make it ourselves.

We don't do ordinary.

Every celebration is different.

That's why we don't believe in simply turning up with the same experience for everyone.

We create personalised designs, adapt to your event and bring a little personality of our own.

Your celebration shouldn't look like somebody else's.

We're part of the entertainment.

We don't stand quietly in the corner waiting for someone to press a button.

We encourage people, help the camera-shy, manage the queues and make sure everyone gets involved.

Sometimes that means organising a group photograph. Sometimes it means convincing somebody's grandad to wear a ridiculous hat.

**WE DON'T SETTLE FOR GOOD ENOUGH.
WE KEEP FINDING WAYS TO BE BETTER.**
